

LLENWI is a destination signage project which will see local Augmented Reality artist Livi Wilmore and traditional signwriter Tomos Jones collaborating to run a series of workshops and create 5 large artworks combining their practices across Conwy County

The areas that are the focus of the project are: Abergel, Colwyn Bay, Llandudno, Conwy and Llanrwst. As part of the research phase the artists are hoping to get to know each area in a slightly different way...that's where you come in.

We need help gathering stories, sayings, phrases, memories, pictures, and anything else about your area. There is no restriction on what could be gathered, or how it is presented. Share your own stories (they could be funny, silly or sad), memories, sayings, or ask a friend/relative/neighbour /member of the community.

Town:

A Memory

Give us a memory of your time in the town! It could be a poignant memory from a first visit- Or something funny that your mate did last week!

Five Words

What five words or phrases spring to mind when you think of this town? This could be descriptive, a feeling, or even some local slang!

Symbols

What imagery comes to mind? It could be anywhere from some key monuments, architecture, local plants/ animals you see, to your childhood friends mums' victoria sponge!

Anything Else?

Anything else about the town you'd like to share?

We're also looking for potential sites so let us know if you can think of any good blank wall spaces!
